家長感言

小女是何文田一間1A英中的中三學生，自中一起已開始報讀██████初中英文班的課程（Rita），英文科成績一直名列前茅。我覺得課程很實用，而課堂上所派發的練習及有關DSE的最新資訊亦很配合她們的需要。還有，██████導師Rita亦很關注學生的學習進度，如遇到困難亦會即時作出援手，小女都曾受惠不少。所以，作為家長，我認為此課程對提升小女的英文水平幫助很大！我亦推薦了不少朋友的子女報讀！他們的英文成績都有很大的進步呢！👍👍👍👍

Dear Rita,

My daughter, Angel, has been studying here for the past half year. I have noticed that her English has improved significantly through your teaching.

With a class of over 40 students, you are faced with students of all styles of learning, attitudes, and temper. As a teacher, you are always placed in a difficult position. To strive to accommodate each student while being strict and lenient must be very tiresome. Your teaching style has inspired and motivated the students to strive for improvement in English everyday. My daughter returns home after each session with a smile on her face letting me know that teacher Rita knows how to teach the students. She has mentioned that you provide a fun, entertaining, and relaxing environment for her and her peers to engage and learn. It is difficult as a mother to encourage their child to attend tutoring, let alone a 3 hour session each week!

I am very happy to know that you are a teacher for S1-S6. Your style of teaching has motivated Angel to continue improving on her English outside of the classroom. I hope you will continue doing what you do for the benefits of all the children.

Never have I met a more passionate, patient and diligent teacher than Rita.

Experienced in teaching, Rita's teaching style is student-oriented. She transforms abstract concepts into easily understandable ones. Not only can you easily apprehend what she teaches during her lesson, but you can also receive countless extra materials to improve your diversified ability in English, namely a pink worksheet distributed every lesson, a grammar book consisting of 600 MC questions, another grammar book that includes lots of applicable phrasal verbs and vocabulary books with a lot of vocabulary and idioms. Rita is open for questions and conveniently accessible through her whatsapp number. She has solved a handful of questions for me through whatsapp. Last but not least, Rita has tests regularly. She sets up an Elite Workshop for those who achieve a certain score successfully. In free elite workshops, she teaches advanced vocabulary and exam skills to equip us with all the techniques we need for the exam.

All in all, she is the best tutor I have ever met. I sincerely recommend everyone to join her courses.

I joined Miss Rita's Reading and Usage Mock Exam in September. The exam, superb and well-structured, was designed according to actual exams. Rita also gave us clear explanations and let us know the mistakes we should avoid. The paper was exam-oriented and tests concepts that I have difficulty in understanding. It was a great experience and I highly recommend everyone who wants to improve your exam skills to join it.

After attending Miss Rita's class, not only do I improve my results but I also have greater confidence in communicating with foreigners as Miss Rita has taught us vocabulary items which are commonly used. Furthermore, I think that elite classes help me make remarkable progress in English. During elite classes, Miss Rita introduces different advanced sentence structures to us so that we can use them in compositions and daily life.
